Langat 2 WTP & Water Reticulation – Phase 1 Package 1B (L2P1B)

Technical Visit by Ketua Setiausaha of Kettha Ybhg Dato' Seri Ir Dr.Zaini Bin Ujang

On 13 Sep 2016, at Langat site office, LP21B team has the honour to welcome the Ketua Setiausaha of Kettha, YBhg. Dato' Seri Ir. Dr. Zaini Bin Ujang, to the site of our project.

Then a short briefing was given to our VVIP regarding the project status and progress of our project. We started the site visit from our main area, RC chamber, the most important area, which is the first station for intake of raw water from tunnel that is connected to Pahang pump station. The next stop was at the outlet chamber which is located at A4 area where the raw water will temporarily flow to Sungai Langat. Final stop was at the main water treatment plant which consists of a lot of buildings and structures used to process the raw water for further usage.

Then the VVIP moved to PAAB site office to enjoy a scrumptious lunch.
