HAPPY  
NEW  
YEAR!

# FORWARD

By Marc Loh

## After the Rest and Relaxation!

New Year's Day, Federal Territory, Thaipusam, CNY, etc, etc. has enabled everyone to have a good rest after a year of hard work in 2014 with the multiple holidays! I hope everyone is recharged and ready to charge into the New Year. The beginning of this year is unique as most of our large projects are finishing or tailing down and recently secured projects such as the PETRONAS RAPID WTP, Langat CSTP and Langat Pipeline have yet to commence physically. This has enabled most of us to have a more relaxing CNY and start of the year compared to other years. I am pleased to inform that 2014 has been a record year once again with the Group registering significantly higher numbers. We are in the midst of auditing our accounts and I will inform every one of the official results in our next FOCUS issue. Again, it was a job well done and the management would like to thank everyone for their hard work and contributions!

LOH & LOH Developments recently received news that it has won two awards for the Airie, Sri Damansara Development. The awards are the ILAM (Institute of Landscape Architects Malaysia) for landscape design and implementation, and the Asia Pacific International Property Awards for excellence in Residential Development in Malaysia. I would like to congratulate the development team on these awards. These awards shows recognition of our design and product realization capabilities, and will boost the reputation of our developments. These awards come at a perfect time as we gear up to launch our three new developments in North Kiara, Kelana Jaya and Rawang.

We had our CNY lunch gathering at Bukit Kiara Equestrian & Country Resort in February to celebrate Chinese New Year (*will be covered in next issue*). In line with our expanding growth, even our CNY lunch has grown from 120 to almost 200 participants this year! So much so that the air-conditioning in the hall couldn't cope! Despite the heat, I hope everyone had fun with the colorful and festive ambience with the games, songs and prizes! Congratulations to all of the lucky winners and SRC for making this another successful event!

I hope that everyone will continue to work hard this year and as it is the year of the goat/ram, we should all charge ahead towards greater success together!

## I'LL STOP THE WORLD & LAUGH WITH YOU

### PRACTICALITY

A priest, a doctor, and an engineer were waiting one morning for a particularly slow group of golfers.

Engineer: What's with these guys? We must have been waiting for 15 minutes!

Doctor: I don't know but I've never seen such ineptitude!

Priest: Hey, here comes the greens keeper. Let's have a word with him.

Priest: Hi George. Say George, what's with that group ahead of us?

They're rather slow aren't they?

George: Oh yes. That's a group of blind fire fighters. They lost their sight while saving our club house last year. So we let them play here anytime free of charge!

(silence)

Priest: That's so sad. I think I will say a special prayer for them tonight.

Doctor: Good idea. And I'm going to contact my ophthalmologist buddy and see if there's anything he can do for them.

Engineer: Why can't these guys play at night?

# LESSON LEARNED IN LIFE

**Don't let**  
negative & toxic people  
rent space in your head.  
**Raise the rent &  
kick them out.**

**my father  
didn't tell me  
how to live;  
he lived,  
and let me  
watch him do it.**

**HURT ME  
WITH THE TRUTH  
BUT,  
NEVER COMFORT ME  
WITH A LIE.**

To be **HAPPY** you must  
follow **F.A.C.T.S**

**Forgive others  
Accept your mistakes  
Cry and move on  
Thank God for everything  
Smile always**

## SILENCE IS GOLDEN

Speech needs company; silence needs solitude  
Speech wants to conquer others; silence helps  
conquer oneself

Speech demands respect, silence commands it  
Speech is self-expression; silence is self-experience

Speech is mind bound, silence is soul bound

Speech asserts ego; silence effaces it

Speech dissipates ego; silence conserves it

Speech is human; silence is divine

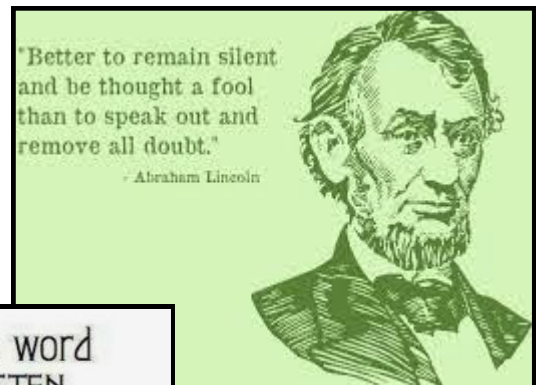

Speech receives appreciation; silence  
receives adoration

Great works are inspired by speech but  
written in silence

Life is a flower; silence is its fragrance

We surround ourselves with noise,  
because we are uncomfortable with  
silence.

We fill our lives with distractions, because  
we are reluctant to confront

The word  
**LISTEN**  
contains  
the same letters  
as the word  
**SILENT.**

— Alfred Brendel

Sometimes, not  
saying anything  
is the best answer.  
You see, silence  
can never be  
misquoted.
